Senior Men's Texas Scramble

Issued Date: 1st August 2023

Format:

A non-qualifying team Stroke play competition played over 9, and or 18 holes. A team handicap is calculated using the full course handicaps of competing players in 4 Man Team: 25%, 20%, 15%, 10% lowest to highest, 3 Man Team: 30%, 20%, 10% lowest to highest, 2 Man Team: 35%, 15%.

Texas Scramble Rules:

Each team will consist of either two (2), three (3) or four (4) players. All players can tee off at each hole. The nominated team captain, with team members, then selects the best drive and marks the position within six (6) inches with a tee peg (not nearer the hole). The other players then retrieve their balls. The player whose ball has been chosen then plays his next shot first. The remaining players then play within six (6) inches of the tee peg (not nearer the hole). The above method of play is followed until the green is reached. On the green the same method applies. The ball chosen is marked by a putter head length and players putt from the same spot in turn. Each player must mark the ball after putting. Play continues from each chosen position until the ball is holed.

Note 1: A minimum of two (2) tee shots per player to be used in nine (9) hole competitions, four (4) tee shots when playing 18 holes. The remaining drives can be used by any of the players.

Note 2: Golf balls will be placed on closely mown areas but must be dropped if the chosen ball in play is in the rough or a hazard in both instances, not nearer the hole than the marker tee peg. The score is the total number of shots from the chosen spots (including the tee shot).

Note 3: If a player putts and misses but then inadvertently knocks the ball into the hole, then that score counts and play on that hole is ended.

At the end of the round, the total for each hole is added together and the strokes received subtracted to give the total net medal score for the round. The winning team will be the one with the lowest net score.
