

HVGC junior members in County coaching squad

A number of the junior members of HVGC have been selected for further winter training by Shropshire and Herefordshire Union of Golf Clubs.

The training will be run during the school half term week, and of the 10 selected players within the u16 development squad, it is pleasing to report that 4 are from our club.

Yes, that is right, 40% of a selected County coaching squad from within the junior section of this club.

Another unbelievable achievement from a comparatively new club and junior section within the county, and one of which we should all be proud, and which be used as a further motivational and confidence building block in the development of the individuals, the junior section, and the club in general.

These junior players have been selected for this concentrated training on merit, through their endeavours, commitment and performances across the 2008 season.

The junior golfers concerned are;

Joseph Blunden

Harry Burt

James Ford

Lewis Horobin

A message of congratulations from all involved within the club, including management, committee, professionals, staff, junior section organisers, and all club members, to each of these guys, for again raising the overall golfing profile of HVGC within the county and beyond.
